PROVIDING FOR THE APPOINTMENT OF CERTAIN COMMITTEE

Mr. McCalla offered the following resolution:

Whereas, Brutality to convicts at Retrieve State Farm has been reported recently to the Governor of the State of Texas by members of the Prison Board; and

Whereas, These reports have been given wide circulation in the press of this State, and have met with a denial from other Prison Board members and from the General Manager of the Prison System; and

Whereas, It seems to be agreed that convicts at Retrieve Farm have mutilated themselves, some Prison Board members contending that it was done to escape brutal treatment and others that it was done to escape work; and

Whereas, It challenges the human imagination to conceive that men would maim and cripple themselves for life without some adequate cause; and

Whereas, Some members of the Prison Board have charged publicly that the General Manager of the Prison System "fraternizes" with the members of the State Legislature and thus overreaches the judgment of the

Legislature on matters affecting our penal institutions; and

Whereas, These charges and countercharges should be investigated thoroughly by an impartial body to the end that the truth may be known, and if brutality exists, it be ended, and if none exists, that fact be determined and those responsible for the management of Retrieve State Farm be cleared of these accusations; now, therefore, be it

Resolved by the House of Representatives of the Forty-fourth Legislature, That the Speaker appoint a committee of three members to investigate these charges, and conditions at Retrieve State Farm generally; that the committee report back to the House of Representatives their findings; and be it further

Resolved, That this committee be authorized to investigate to determine whether convicts in the Texas Prison System are being segregated as to first offenders and "repeaters," as to ages, etc., and the feasibility of such segregation, and that the necessary expenses of said committee be paid out of the Contingent Expense Fund of the Forty-fourth Legislature.

The resolution was read second time.

On motion of Mr. Aikin, the resolution was referred to the Committee on Penitentiaries.

GRANTING HON. W. R. CHAPMAN PERMISSION TO BE ABSENT FROM THE STATE

The Speaker laid before the House, for consideration at this time, the following resolution:

S. C. R. No. 31, Granting Hon. W. R. Chapman permission to be absent from the State.

Be it resolved by the Senate of Texas, the House of Representatives concurring, That Hon. W. R. Chapman, Judge of the One Hundred and Fourth Judicial District Court of Texas be, and he is hereby, granted permission to be absent from the State of Texas at such intervals and for such time as he may see fit and proper during the years 1935 and 1936, taking into consideration the condition of the docket of said court.

HOUSE BILL NO. 141 ON PASSAGE
TO ENGROSSMENT

The Speaker laid before the House, on its passage to engrossment,

H. B. No. 141, A bill to be entitled "An Act declaring it to be the policy of the State to provide for the standardization of tomatoes as a protection to grower, shipper, carrier, receiver, and consumer; placing the jurisdiction of grades and classifications thereof under the direction of the Commissioner of Agriculture of the State of Texas, etc., and declaring an emergency";

The bill having heretofore been read second time.

Mr. Alsup offered the following committee amendment to the bill:

Amend House Bill No. 141 by striking out all below the enacting clause and inserting in lieu thereof the following:

"Section 1. In order to provide the means whereby producers of tomatoes, and all interested parties, may secure prompt and efficient inspection and classification of grades of tomatoes at reasonable cost, and because it is hereby recognized that the standardization of the tomato industry by the proper grading and classifications of tomatoes by prompt and efficient inspection under competent authority is beneficial alike to grower, shipper, carrier, receiver, and consumer, in that it furnishes the grower and the shipper prima facie evidence of quality and condition of products, it guarantees the carrier and the receiver of quality of products carried and received by them and assures the ultimate consumer of the quality of the products purchased, this Act is passed.

"Sec. 2. The inspection in the State of Texas of all tomatoes and the grades and classifications thereof, shall be under the direction of the Commissioner of Agriculture of the State of Texas, hereinafter known as the Commissioner.

"Sec. 3. The Commissioner of Agriculture of the State of Texas, after having consulted in joint conference with a grower representative of his own choosing from East Texas and a grower representative of his own choosing from the Rio Grande Valley regarding the needs of Texas tomatoes, is hereby empowered and directed to enter into co-operative

agreements with the United States Department of Agriculture providing for the inspection, shipping, and marketing of tomatoes. Under the terms of said agreements, the Commissioner of Agriculture shall adopt the official U. S. standards for tomatoes as applied to the State of Texas. The inspection shall be conducted under the policies outlined by the United States Department of Agriculture under said co-operative agreements.

"Sec. 4. The Commissioner shall promulgate and enforce rules and regulations as set forth in this Act regarding inspection, packing, shipping, and marketing of tomatoes, and shall adopt such other rules and regulations as he deems necessary, provided they are not inconsistent with the terms of this Act. These shall be published in some newspaper of general circulation within the respective counties he thinks necessary, and he shall keep on hand sufficient copies to supply growers, packers, buyers, and shippers. Such rules and regulations of the Commissioner which do not conflict with the provisions of this Act shall be final unless written protest is made to the Commissioner within twenty (20) days after publication. Public hearings regarding such protest shall be conducted at places and times to be determined by the Commissioner, or his agent, and the results of such hearings shall be final; provided, however, the interested party or parties shall have the right of appeal within ten (10) days after the close of the hearing to the district court having jurisdiction over his and/or their county or counties.

"Sec. 5. (a) Whenever any grades or classifications and/or standards become effective under this Act, it shall be unlawful thereafter for any person, firm, corporation, association, or other organization to pack for sale, ship for sale, consign for sale, offer for sale, or sell any tomatoes, or to receive for shipment and ship, carry, or transport any tomatoes, except as provided in this Act, unless such tomatoes conform with such grades or classifications and/or standards, and have been inspected by a duly authorized inspector who shall issue a certificate of inspection showing the grade or other classification thereof, and unless such tomatoes be packed in containers approved by the Commissioner of Agriculture and fruit in each container be uniformly sized.

"(b) All inspected tomatoes falling below No. 1 and No. 2 U. S. Standard for Texas shall, when packed in packs for sale and/or sold, and when packed in packs to be shipped and/or consigned for sale, be wrapped in wrappers with 'Texas Culls' stamped thereon and the packs containing such tomatoes shall be labeled and/or marked 'Texas Culls,' and shall be accompanied by a certificate of inspection showing them to be 'Texas Culls.' Moreover, if said 'Texas Culls' are sold in bulk to a manufacturer, they shall be accompanied by a certificate showing their true quality.

"(c) It is expressly provided, however, no provision of this Act shall be construed to prevent a grower of tomatoes from selling or delivering his crop in bulk, or any part thereof, to a person, firm, corporation, or association for grading, packing, and/or storing. Nor shall any provision prevent a grower from manufacturing same into legal and standard by-products, or prevent him from selling or delivering for sale same unpacked and/or uninspected to any person, firm, corporation, or association actually engaged in the operation of a by-products factory for the sole and express purpose of being manufactured into legal and standard by-products.

"Sec. 6. (a) Any grower of tomatoes who shall pack unmarked and/or uninspected for sale, sell, or ship by common carrier eight (8) packs or less containing tomatoes shall be unaffected by the provisions of this Act.

"(b) Moreover, any grower of tomatoes who wants to sell same for use and/or consumption within the State of Texas may pack uninspected and/or ungraded for sale, consign for sale, ship for sale, offer for sale, or sell more than eight (8) and less than fifty-one (51) packs containing tomatoes, or any grower may authorize a buyer of his bulk tomatoes to pack ungraded and/or uninspected for use and/or consumption within the State of Texas any number of packs not exceeding fifty (50), provided such packs be labeled or marked 'Ungraded' and contain No. 1 and No. 2 U. S. Standard for Texas to the amount of sixty (60) per cent. Such packs shall be accompanied by a form certificate of the Commissioner of Agriculture, which shall be delivered to the buyer thereof, showing their

quality. It shall be unlawful for any person, firm, corporation, or association to receive for shipment, ship, carry, and/or transport any packs of tomatoes falling within this group, if they are consigned to any person, firm, corporation, or association outside the State of Texas or shipped outside the State.

"Sec. 7. (a) The Commissioner is hereby authorized to promulgate such rules and regulations relative to proper marketing of containers, the issue of certificates of inspection, the tagging of the vehicle of transportation, and such other rules and regulations as he deems necessary for the improvement of the method of marketing of all tomatoes as provided in this Act.

"(b) A certificate designating the classifications of the grade or grades of tomatoes so subject to compulsory inspection under this Act or other form evidencing that the official inspection has been made shall be issued to the inspector and delivered to the shipper. The Commissioner of Agriculture or his agents shall have the power to call for and examine any certificate of inspection and shall have the power to examine or inspect any shipment of tomatoes carried by common carrier, private, or contract shipper or forwarding company, or any shipment of tomatoes, to see if the fruit conforms to the requirements made effective by the terms of this Act.

"(c) The Commissioner is hereby authorized and empowered to fix and assess, and collect and cause to be collected fees for the inspection and classification of grades of tomatoes subject to the provisions of this Act and the issuance of certificate of such classification of grades. The amount of such fees on each different commodity inspected and for each different service rendered on each such commodity under the provisions of this Act, shall be fixed as nearly as possible with references to the cost of the establishment and maintenance of such service for such particular commodity, and may be different in the case of each different service rendered, but shall in no case exceed the sum of one cent (1c) for each container of one bushel capacity or less for inspection service performed in a regular packing house operating under a duly issued permit. Any regular grading service performed

outside of a packing shed shall be for an amount sufficient to cover the actual cost of inspection in accordance with the discretion exercised by the Commissioner of Agriculture. The amount of such fees on the different commodities and for the different services rendered under the provisions of this Act shall be determined, as nearly as may be, to the end that the inspection service provided by this Act shall pay for itself out of the annual aggregate amount of such fees collected under the provisions of this Act, together with any appropriations made for the operations of this service, and any other sum properly credited to said service. Such fees shall be paid by the person, firm, corporation, association, or other organization making the shipment at the time such service is rendered. No person employed by the Commissioner shall charge or collect any fees other than the fees in such amounts as shall be authorized and established by the Commissioner of Agriculture.

"(d) There is hereby created a special fund to be known as the 'Tomato Grading Fund' which shall be a continuing fund. All fees and other moneys collected under the authority of the provisions of this Act shall be turned over to the Commissioner of Agriculture of the State of Texas and by him deposited with the State Treasurer and credited to said fund. The Commissioner is hereby authorized and empowered to use the moneys in said fund in defraying the expenses arising out of the establishment and maintenance of the inspection service provided by this Act and for no other purpose whatsoever. Warrants in payment for inspection service provided for in this Act shall be drawn upon the State Treasury and charged against this fund.

"At the beginning of each new shipping season, the Commissioner of Agriculture shall take into account the surplus remaining in said Tomato Grading Fund at the end of the preceding season, in making reductions of inspection fees where possible.

"(e) No containers or subcontainers of tomatoes within the meaning of this Act shall bear grade or other designations that are in any way false or misleading. This provision shall be construed to prohibit the future use of any container or

subcontainer for tomatoes bearing any markings required by this Act, or any designations of brands, trade-marks, quality or grade, unless all such markings which do not properly and accurately apply to the products repacked or replaced shall first be completely removed, erased, or obliterated. All certificates of previous inspections shall be removed, erased, or obliterated.

"Sec. 8. It shall be unlawful to prepare, deliver, for shipment, load, ship, transport, offer for sale or sell for shipment a deceptive pack, load, arrangement of display of tomatoes within the meaning of this Act, or to mislabel any container or display of such tomatoes. A deceptive pack or load is hereby defined as one which is so arranged to conceal the true grade of the tomatoes within the package or to misrepresent the contents.

"Sec. 9. All tomatoes packed and offered for shipment under the provisions of this Act shall be marked showing the proper official grade of the fruit in each container or same may be labeled or stamped with a registered brand or trade-mark. Brands or trade-marks to be eligible for registration must be defined by the minimum requirements of one (1) and/or a combination of the official grades designated herein. Such brands or trade-marks and their definitions under the U. S. Grades shall be registered with the Commissioner of Agriculture of the State of Texas. No brands or trade-marks shall be eligible for registration under the terms of this Act which do not meet the minimum requirements of at least U. S. No. 2, or classifications of this grade.

"Sec. 10. It shall be the duty of every person, firm, corporation, association, or other organization affected by this Act to give due and timely notice to the Commissioner, his agents, inspectors and employes as to the time and place of the loading of tomatoes subject to the provisions of this Act, or to report to the inspection station nearest to the point of loading. The terms 'to ship,' 'shipper,' and 'shipment' as noted in this Act shall apply to the transportation of tomatoes by an automobile, truck, trailer, or any other vehicle, as well as the transportation by rail and/or water.

"Sec. 11. Except as provided by the terms of this Act, it shall be unlawful for any shipper, forwarding company, private, contract, or common carrier to ship, transport or accept for shipment any tomatoes within the meaning of this Act, unless accompanied by a duly issued certificate of inspection as set out in the provisions of this Act, and any such shipper, forwarding company, private, contract or common carrier may reserve the right in any receipt, bill of lading, or other writing given to the consignor thereof, to reject for shipment and to return to such consignor or hold at the expense and risk of the latter, all tomatoes which upon inspection, are found to be delivered for shipment in violation of any of the provisions of this Act.

"Sec. 12. Tomatoes shipped into the State of Texas from any other State or territory shall comply with the grading, packing, and marking regulation which this Act provides for tomatoes originating in this State.

"Sec. 13. The Commissioner and his agents, inspectors, and employes, are each prohibited during their respective terms of employment of office from engaging in this State, either directly or indirectly, or elsewhere, in the business of buying or selling tomatoes or in dealing in the same on commission.

"Sec. 14. Any person, firm, corporation, association, or other organization which violates any provisions of this Act or wilfully interferes with the Commissioner, his agent, inspectors or employes in the performances or on account of the execution of his or their duties as provided by this Act shall be deemed guilty of a misdemeanor. Any person convicted under this Act shall be punished by a fine of not more than five hundred dollars (\$500) or by imprisonment in the county jail for not more than ninety (90) days, or both such fine and imprisonment in the discretion of the court.

"Sec. 15. All laws and parts of laws in conflict with any of the provisions of this Act are hereby repealed, and if any sentence, clause, paragraph, part or parts of this Act shall be held unconstitutional and void, such holdings shall not affect any other part or provision not held void or invalid, but all provisions not so held to be invalid shall continue in full force and effect.

"Sec. 16. The fact that the tomato growers and shippers in the State of Texas will suffer heavy losses unless efficient provision is promptly made for inspection, grading, marketing, and weighing of tomatoes shipped within and from this State during the next shipping season creates an emergency and an imperative public necessity that the constitutional rule, requiring bills to be read on three several days, be suspended, and this Act take effect and be in force from and after its passage, and it is so enacted."

Mr. Celaya offered the following amendment to the committee amendment:

Amend committee amendment No. 1, page 6, to House Bill No. 141, by striking out all of lines 59 and 60 and inserting in lieu thereof the following: "Minimum requirements of at least U. S. Standard No. 1."

The amendment was adopted.

Amend committee amendment to House Bill No. 141: "Provided that no provisions of this bill shall apply to Harrison County."

Mr. Alsup raised a point of order on further consideration of the amendment by Mr. Wood of Harrison at this time, on the ground that the amendment seeks to enact class legislation and is not germane to the bill.

The Speaker sustained the point of order.

The committee amendment, as amended, was then adopted.

By unanimous consent of the House, the caption of the bill was ordered amended to conform to all changes and to the body of the bill.

House Bill No. 141 was then passed to engrossment.
